VQA ONTARIO VQA

Wine Description

Ripe Fruit and shaved chocolate develops in the glass, the finish is rich, layered and long.

Additional Information

Even though technology has enabled us to produce wine on a larger scale, the art of wine making itself has remained very much the same. It is still a combination of soil, weather coupled with the skill of the individual winemaker which influences the outcome of each variety and vintage.

This is why we want you to meet the people behind our wines. The vinedressers series highlights their best wines.
